Dear Mr. Trump,

It's Mother's Day 2017, and I am grieving.

My joy in the sacred experience of Motherhood was marred throughout by something that the Municipal Government of the Territorial United States did and which it is doing and which it must stop doing.

It must stop its wholesale lying about Mothers and Motherhood.

I suppose it began innocently enough many centuries ago: an unwed Mother died in childbirth, leaving a baby with no means of support and care. Another woman in a difficult situation----too many children already, an abusive husband, married but no explanation for the pregnancy--- gave birth and left her baby on the doorstep of the church. And so it went.

The local communities and churches have traditionally placed such abandoned or orphaned children in institutions— orphanages and work houses---where they were made to labor from an early age until they attained adulthood to provide their own keep.

We call these places "residential schools" now, but they still exist, and there is still need for them.

These are hard realities and they call out for better means to address, but this basic situation has given rise to an even greater evil and a gross systemic abuse of our entire population. And that is what I want to address with you this Mother's Day.

Today, all babies born in America are presumed to be abandoned bastards and wards of the local STATE OF STATE organizations that have been allowed to insinuate themselves and trespass on our soil. If a Mother and Father have sense enough to protest this theft of their property and authority, they face an ugly uphill battle, threats, strong-armed racketeering, and court suits brought against their natural standing as parents.

As I proved to Mr. Sessions yesterday, the Alaska State (Statehood Compact) hired the foreign State of Alaska (Territorial franchise) to provide essential government services (AS 45.77.020) and State of Alaska then brought along its own STATE OF ALASKA (Territorial municipal franchise) to do some of the work.

This municipal subcontractor of the State of Alaska is going around preying upon our people, disrupting our families, and threatening our peace. It is claiming that every Mother is unwed and that every baby is abandoned, so that it can enrich itself by claiming control of the baby's estate and issuing child labor contracts backed by CUSIP Bonds.

This is happening in every state of the union under the same exact auspices.

Here is a copy of the text of my sworn testimony of my own first-hand experience of these vicious immoral and unlawful practices by the federal "Municipal Government" (which has no actual right to even be here operating in Alaska) and which I recorded as a Deed.

Deed Clarification and Title Distribution

It is a matter of Public Record that on January 15, 1994, I married James Clinton Belcher via a private ceremony conducted via Justice of the Peace in Big Lake, Alaska.

It is also a matter of Public Record that on November 15, 1996, I gave life and nativity to our natural son, Eric Jon, at Providence Medical Center, Anchorage, Alaska.

I affirm under penalty of perjury that our son, Eric Jon, was born in wedlock and is our lawful and beloved progeny. (See-- Decree Emancipating Eric Jon Belcher, 2016-017842-0, Palmer Land Recording District). I further affirm that while still recovering from childbirth, I was visited by two unidentified women and a large male nurse, who came to my hospital room and insisted that I sign paperwork that they claimed was mandatory—"required by law" and they said---upon my Purgatory Oath---that if I did not sign it, they would keep my baby and not allow him to go home.

- (1) I signed that paperwork under vicious physical and mental duress.
- (2) I did not consensually claim to be or act as an "Informant".
- (3) I wish to correct any record asserting that my name is or was: ANNA MARLA RIEZINGER.
- (4) My name upon the Public Record is: Anna Maria Riezinger—and always has been.
- (5) My son, Eric Jon, is not now and never was a "United States Citizen" nor a "citizen of the United States"--- any mis-statements of mine made under conditions of non-disclosure or duress notwithstanding. He is a non-citizen national of the Alaska State.
- (6) I have since learned that the paperwork I was forced to sign was a child labor contract which entered my son into a condition of "voluntary" indentured servitude to the UNITED STATES, INC.
- (7) I object to this as non-consensual enslavement, press-ganging, and fraud upon me and my child and I here record my claims and testimony by my seal and signature:

And then I signed it and I recorded it for posterity so that everyone on Earth could see what is going on here, how venal it is, and how despicable it is that these harpies are going around strong-arming Mothers to sign false documents under pain of such duress.

For the past 21 years thanks to the gross mis-administration of the State of Alaska and its municipal sidekick, the STATE OF ALASKA, I have been wrongly identified as an unwed Mother. It has been made part of the public record that I and my husband voluntarily gave up title to our son and made him a ward of a foreign corporation calling itself the STATE OF ALASKA. And our son has been wrongly presumed to be a bastard and an abandoned child and all sorts of other rot as a result of this strong-armed racketeering, inland piracy, and identity theft.

This same criminal organization then stole my son's given name and patented, copyrighted, and trademarked it under these false pretenses, and issued CUSIP bonds and child labor contracts against his name to enrich itself. And they did all this under color of law, under the false pretense that their organization represented my government, which is the unincorporated Alaska State Government---which it does not.

Do you know of any reason that a Mother so mistreated should not wish to string up every member of the "Territorial United States Congress" responsible for this circumstance from the nearest tree? Any reason why she should not object in the strongest terms possible to being mis-characterized as an unwed Mother? An "Informant"?

I was 40 years old, happily married, fully competent financially and in every other respect. I had a Will. I had established Guardians in the event of my death or disability. There is absolutely no excuse for what was done to me, my husband, and my child. All it was, was criminals seeking profit at our expense, while the "State of Alaska" Territorial Government franchise looked the other way, so that they could receive kick-backs from this gross racketeering and trafficking and unlawful child labor contract process.

My husband and I and our child were violently trespassed upon by undeclared agents of the foreign Municipal United States government ---and the Territorial United States Government which is responsible for the Municipal United States Government being here and which is under contract to our actual Alaska State Government-- did nothing whatsoever to prevent this atrocity.

Like virtually every other woman in America, I was strong-armed under threat of loss and duress to sign paperwork that was pressed upon me as a "government mandate" under color of law. I have been mis-characterized as an unwed Mother and an "Informant" against my own child, falsely identified as a woman who "abandoned" her baby and "voluntarily" gave him away to the care of a faceless, nameless, criminal foreign corporation that shouldn't even be here.

And I am here to tell you otherwise, Mr. Trump.

I have since gone back to 1860 and firmly established my name and the names of everyone else on the land jurisdiction of the United States and I have corrected the public records related to me, my husband, and my son.

I am outraged to the bone by this continuing behavior on the part of my public servants and I am ordering it ended as a lawful Judge of the unincorporated Alaska State, which is the actual employer of the "State of Alaska", which is responsible for the presence of the "STATE OF ALASKA" on our soil.

Happy Mother's Day, Mr. Trump. Alaska State Court Order to Cease and Desist enclosed.

Sincerely,
Anna Maria Riezinger
